

## Genocide and Holocaust

Michael E. Stone

Genocide's a hard word,  
killing a people  
holocaust too,  
whole burnt offering.

senseless, Satanic,  
bringing him in  
does not soften  
what's done

to outgroup by ingroup  
in gas chamber  
in desert march  
transfer and transport  
'work makes free.'

We remain as  
brands from fire,  
fate's favoured,  
guilty for living.
