

## It was Bright

*Jerusalem 2002*

It was bright.

Big black bellied cloud  
suddenly over the horizon,  
threatening.

Cumulus of hate,  
black bitter barren,  
death.

Today's enemy.  
Then, envy made  
the Enemy.

Satan fell  
stars from heaven  
hatred

Myth and true,  
ancient type of now,  
new and always so.
